To watch the video recording of the event:

Assoc. Prof. İbrahim Ünalmiş, Bahçeşehir University

İbrahim Ünalmiş received his undergraduate degree from METU Department of Economics. His MA is in Money, Banking and Finance from the University of Birmingham and his PhD in Economics from York University. Between 2000 and 2018, he worked as a manager, economist and expert at the General Directorates of Markets and Foreign Relations at the Central Bank of the Republic of Turkey. He gave lectures in the fields of macroeconomics and finance in England and Ireland during his doctorate. His

main areas of interest are the relationship between macroeconomics and financial markets, the interaction between monetary policy and financial markets, and energy markets. Recently, he has focused his studies on the relationship between strategic planning, investment ecosystem and company performances. On the other hand, he gives undergraduate level courses on the applications of blockchain technology in financial markets. His articles have been published in journals such as IMF Economic Review, Energy Economics, Economic Modeling, Finance Research Letters, World Journal of Applied Economics, Annals of Social Sciences and Management Studies, Central Bank Review.
